

PEG-350™

Liquid Free Pipe

Oil & Gas Drilling Fluids / OBM

PEG 350™ Liquid Free Pipe is an emulsion mud product designed for freeing stuck pipe. It is easily applied at the rig site in concentrated or diluted form with conventional mixing equipment and performs in both diesel and synthetic base fluids. **PEG 350™ Liquid Free Pipe** can also be used to prepare a complete oil based drilling fluid as it contains a filtration control additive, a viscosifier, and a very effective emulsifier. **PEG 350™ Liquid Free Pipe** is stable to continuous temperatures up to 300°F +.

ADDITIONAL ADVANTAGES

- Stable to over 300°F
- Helps to emulsify water into oil based fluids
- Compatible with common drilling fluid weighting agents
- Easy to apply liquid concentrates

PROPERTIES, TYPICAL

Appearance..... Dark Liquid
Specific Gravity..... 1.02

TREATMENT RATE, TYPICAL

Concentration..... 10 – concentrated pills

PACKAGING AND HANDLING

- 55 Gallon Drum
- 275 Gallon Tote
